

Obituary

Dr. Flora Dorothy Lobo Rosario

Date of birth- 3.12.1962

Date of demise- 21.9.2020

Dr. Flora Dorothy Lobo Rosario, Senior Professor of Pathology, Kasturba Medical College, Mangalore (Dotty for her friends and family) who met her creator on the 21st September 2020, at 1 a.m. Being an alumnus of Kasturba Medical College Mangalore both at Undergraduate and Postgraduate levels, Dr. Flora D. Lobo became a legend soon after she chose her career to become a Pathologist in 1987.

She was hard working & dedicated since her PG her postgraduation days. She got her MD in Pathology in 1990. Soon after her MD, she joined as Assistant Professor in same department and came up step by step till she became a Professor in 2006. She was very passionate teacher and dedicated Pathologist. She was involved in various academic activities including UG/PG teachings, scientific conferences, CMEs and research with many publications. She was kind and benevolent. She was very friendly & supportive to postgraduates of department, who always motivated everyone for studies and other guided in other aspects of life also. She was very fond of flowers and used to take photographs with all alumni of Pathology department.

She had a very sharp memory and was good at remembering people with names. In her loss the Pathology Department in particular and her college in general have lost a nice, hard working and diligent soul.

She leaves behind a loving family of her husband Alwyn, daughter Michelle and son Mark. She will be missed by entire medical fraternity. May her soul rest in peace
